

Part 6: Free Responses

Instructor: For Part Six, the final part of E-CAT, I will ask you two questions. For each question I would like you to prepare a thoughtful answer, telling me as much about your reasons for your answer as possible.

Question 1: What is your favorite room in your house? Why?

Question 2: Nowadays some people like to live in the city and others like to live in the countryside. But generally speaking, thinking of convenience, it is better to live in the city than to live in the countryside. Do you agree or disagree about it? Why?

Question 1: If you had the chance to visit another country, which country would you like to visit? Why?

Question 2: Sometimes we hear it said that the older you get, the more difficult it becomes to pick up a new language. Do you agree or disagree about it? Why?

Question 1: If you had a lot of time to spend at the library, what kind of books would you like to read there? Why?

Question 2: It is sometimes said that people in recent years stay away from books. They seem to depend on the Internet too much for information. People should read more books to acquire knowledge. Do you agree or disagree about it? Why?
